OBJECT STORAGE FOR SRI LANKA TELECOM

Sri Lanka Telecom (SLT) is the National Information and Communications Technology (ICT) solutions provider and the leading broadband and backbone infrastructure services provider of Sri Lanka. For over 163 years, the Company has served the Nation's need for connectivity, operating on fixed, mobile, and other operational segments.

CHALLENGE

Need to provide Data as a Service / STaaS for Unstructured Data. Existing Enterprise Storage does not support the business cases. Need to be available in SLT's Multi Data Centers (Colombo , Homagama , Welikada)

SOLUTION

Bid for the RFP along with Hitachi Data Systems , a leader in Enterprise Storage. Strong presence in SLT's Data Center and Strong experience in Object Storage

RESULT

300 TB Object Storage Platform. Would serve as a backend for multiple SLT initiatives such as BaaS. Integrated with Multiple Platforms including Sync and Share as well as Commvault Backup Platform

CORE TECHNOLOGY USED: CLOUDIAN® HITACHI SME
